SUMMARY

Driven Computer Science Engineering student specializing in full-stack web development. Proven capability in building structured backend systems with Python and MySQL, alongside creating highly interactive, animated user interfaces using React.js and modern CSS. Experienced in collaborative, agile team environments through hackathons and group development projects.

EDUCATION

ITM Skills University, Navi Mumbai

Bachelor of Computer Science Engineering | Aug 2025 – Jul 2029 * Cumulative CGPA: 8.5 / 10.0 (Expected)

TECHNICAL SKILLS

Languages:

- JavaScript
- Python
- SQL (MySQL)
- HTML5
- CSS3
- React.js
- Node.js (Learning)
- Git
- GitHub
- MySQL Workbench
- VS Code

PROJECTS

- **Hospital Management System (Full-Stack) | *Backend Developer*** * Designed and built a desktop/web application to streamline patient records, doctor schedules, and billing data using Python. * Structured and optimized a
- **Red Bull Website Clone | *Frontend Developer (Group Project)*** * Collaborated in a team of developers to rebuild a high-fidelity clone of the Red Bull landing page. * writing custom CSS animations and keyframes to deliver an engaging, high-energy user experience. *
- **Personal Portfolio Website | *Independent Creator*** * Architected a modular personal portfolio using React.js to showcase ongoing engineering projects and technical skills. *

EXPERIENCE & COMPETITIONS

- **Participant | SummerHacks Hackathon (ITM Skills University)** * Competed in an intensive, time-constrained hackathon to ideate and build software solutions for real-world challenge statements. * Worked under pressure alongside peer developers, managing version control via GitHub to merge front-end and back-end code efficiently.
